New Protocol for debt claims

With effect from the 1 October 2017 a new Pre-Action Protocol, specifically for debt claims, must be used. Failure to be compliant with the new protocol may result in your claim failing and adverse costs awarded against you.

This only makes things harder for businesses, including sole traders and individuals, to get paid for products and services that they have provided.

Don't be frightened away from these claims - Help is at hand... we are experienced in this field and will pursue these claims on a no collection no fee basis.

If we don't collect your money, we don't get paid.. now it's simple!
